JUNIOR UX/UI DESIGNER

User research | Prototyping | Design systems | Usability Testing

Passionate UX/UI Designer with a user-centered and data-driven approach to design.

Skilled in creating intuitive, accessible, and scalable digital experiences, with hands-on experience in usability testing, wireframing, and interactive prototyping. Adept at developing design systems and optimizing user flows to enhance engagement and usability.

EXPERIENCE & PROJECTS

UX/UI designer

Kreativstorm | Nov/2024 – Jan/2025

- Designed a brand identity and user interface for *Travel Nest*, a fictional travel booking app.
- Conducted competitive analysis to ensure differentiation and user engagement.
- Developed wireframes, high-fidelity prototypes, and a structured design system for scalability
- Presented a case study with key insights and design impact.

UX/UI designer

Start2Impact university | Aug/2023 – Feb/2025

- Led user research, conducting interviews and surveys to identify core pain points.
- Designed low- and high-fidelity wireframes, ensuring an intuitive and seamless user experience.
- Developed a custom design system with 50+ scalable UI components.
- Created interactive prototypes for usability testing and iteration.
- Optimized user flows, reducing navigation complexity and enhancing task efficiency.

EDUCATION & CERTIFICATIONS

Master in UX/UI Design | Start2Impact University (Feb/2025)

UX/UI Hands on training program | Kreativstorm (Jan/2025)

SKILLS
